

## **PTFA - School Fair Review 2011**

The PTFA Committee would like to thank all staff, students and parents who have supported us this year.

We are very interested in your views on our major fundraiser – our Annual School Fair. The Fair has a long tradition of being a community fundraising activity and is traditionally held the weekend following Labour Weekend.

We would appreciate your responses to the following questions.

**How important is the school fair to our community?**

**Why do you think that the fair is or isn't important?**

**What do you like about the school fair?**

**What improvements or changes could we make to the school fair?**

**There are other ways of raising money, what are your suggestions that we might consider?**

**Any further comments on the School Fair or PTFA?**

Thank you for your time in completing this review. Could you please return this form back to the school office by **Tuesday 2<sup>nd</sup> February 2012**. Much appreciated, St Peter's College PTFA Committee.
