Winter Warmers

With the cold weather closing in, now would be a great time to make sure that your child is well stocked with warmer clothing for when they are out and about. We will be encouraging all boarders to wear weather appropriate clothing when off hostel grounds, in an effort to keep those winter bugs at bay. Highly recommended items to have at hand are: raincoats, jackets, hats, scarves, long sleeved tops, long trousers, woollen socks, and closed shoes.

Medication procedure

A reminder to all parents and boarders around our procedure when bringing in medicines to the hostel. Boarders are not to have medicines in their rooms, this includes paracetamol and ibuprofen. These will be kept in a locked cupboard at the office, which can be accessed by a supervisor at any time on request as needed. Regular medications need to have the named label on the box, and casual medicine (if not named) will be labelled by staff for each boarder. *Unboxed medications cannot be accepted by the hostel for dispensing*, so please make sure not to remove tab sheets from their packaging when bringing these in. We have these guides in place for the safety of the boarders, so that proper usage can be monitored, and we know there are not adverse reactions to anything else that we may give them (ie – food or cough syrup).

Student Activity

We send out Isabella Gordon-Glassford with many good luck wishes today, as she travels to Taieri College in Mosgiel to compete in the regional Manu Korero Secondary Schools Speech Competition. The Ngā Manu Kōrero speech competitions are intended to encourage the development of skills and confidence of Maori students in spoken English and Māori. With prizes for victories, and the opportunity to attend the National competitions held in Palmerston North in September, we wish Isabella the best fortune as she goes toe to toe with the other entrants in the Otago/Southland region.

Isabella gets a double mention today, after being awarded player of the day recently for netball. Congratulations on your achievement Isabella!

Clement Lin, one of our international boarders from Hong Kong, flies home on the 26th of June. We at first thought that this was simply an early departure home with well-priced tickets. He has since revealed that the real reason for choosing to leave before the end of term is that he has for the fifth year running, been selected to play national grade soccer for his age group in the lead up to the Soccer World Cup. His first match is against the Japanese national representatives for the 16-17 year age group.

Gore Youth Awards

The Gore Youth Awards are a celebration of excellence and character in the community exhibited by young people between the ages of 12 – 24. We are fortunate to have two nominees within our walls, and extend very hearty congratulations to Xander Marsh and Sophie Shallard, who were both nominated to receive awards this year. While they did not win in their respective categories, the fact that their talents in the sporting community have been recognised and celebrated on such a prestigious platform deserves a lot of credit. Well done to you both, these were very well deserved nominations, and we are sure that you will continue to excel and shine in the days to come.

Stars On Ice

Ice Sports Southland recently hosted a showcase of local ice-skating talent, alongside some familiar local novices. The Stars on Ice show went live on the 8th of June, and was a hit event for all who attended. Our Director of Boarding, David Barton, was selected to be one of the 'stars', and even though reluctant at first, really embraced the challenge once he accepted. He trained and practiced for weeks before the show, and his hard work paid off, when he and his partner, Martina Blondell, won the trophy for their act. They earned this achievement by outperforming five other star partnerships, including local MP Hamish Walker, and St Marys School Principal Annie Nelson. Congratulations David!
